Category: **Desks**

Code: **SC01014**

Description:

Desk with manual height elevation consisting of a metal structure and a melamine top.

The melamine top is in chipboard thickness 28 mm with shockproof ABS edge.

The metal structure is composed of a pair of two-stage telescopic column legs, with foot on the ground 70 cm deep, joined by a telescopic beam. Height adjustment is allowed by a removable crank, with clockwise (go up) and anticlockwise (go down) action. The crank is extracted for use and closes, re-entering the shape of the top, when the desired height has been reached.

Metal parts painted in oven with epoxy powders at 200 ° C, white or gray color

Technical specifications:

Maximum load: 80 Kgs

Maximum speed: 6 mm / each full rotation

Dimensions:

L 120 x P 80 x H 73.5 - 120 cm

L 140 x P 80 x H 73.5 - 120 cm

L 160 x P 80 x H 73.5 - 120 cm
