

Catalogue: **Urban Furniture**

Category:

Code: **PE02031**

Description:

Gazebo hexagonal with support beams (9 x 9 cm section) with rounded edges on each side to eliminate any risk of chipping, and roof in wood. All our woods are made of Nordic pine with ecological pressure impregnation that allows an optimal and lasting protection of the wood outside.

Dimensions:

Overall area: diameter 300 cm
Sides of 150 cm.

Notes:

On request the roof can be manufactured in Canadian tiles. The option with treading platform is also available.
