#### Description:

Iron bunk bed structure 80x190 cm with wooden slats, easy and quick to assemble, super resistant and durable. Suitable for adults and children, this structure is made up of a sturdy carbon steel frame with two single bed positions and two bases with birch wood slats, resistant and flexible to provide the best support for the mattress. Together with the frame, the ladder to reach the upper position and the fall protection rail on one side are also included. The frame can be broken down into two single beds, with interchangeable headboard and footboard with wavy bars. The feet are fixed and non-screwable, to ensure maximum safety and stability and have an anti-scratch rubber. Structure dimensions: 80x190 cm, frame height 144 cm, height from the ground 35 cm Net dimensions: 80x190 cm Available colours: White, Grey, Red, Black
