

Catalogue: **Park & Playground Equipments**

Category: **Rubber grass**

Code: **PE33018**

Description:

Synthetic grass made with completely non-toxic materials (CSI certified), ideal for kindergartens, schools, gyms. Immediate use and natural color effect with excellent resistance to trampling. It guarantees years of splendor, without the appearance of weeds, bare or dried up areas, while maintaining excellent drainage capacity, so as to avoid the risk of water stagnation. This product requires no maintenance, watering and additional costs over time, ensuring UV resistance. It has excellent resistance even in the presence of dogs and cats, does not yellow and can be washed with water.

Characteristics:

- Material:
