Description:

Water and sand play with trays made of high quality and resistant HDPE plastic (recyclable). Substructure made of aluminum and stainless steel. Research, observe, experiment: the sand and water play set, adjustable in three heights, offers fun and invites you to make exciting discoveries. Each tub can be filled individually to explore the elements of water and earth. What objects float or sink? What happens to sand when mixed with water? The sand and water play set offers space for up to four little explorers.
